

Ephesians 2 v 1-10: Amazing Grace.

Christians don't belong there anymore.

Not in the corrupt, never-satisfied 'world' of society without God.

We now belong with Jesus, our crucified *and risen* Lord and Master. God has forgiven us and saved us from our old, self-destructive way of going, which in truth was like living death. He has brought us to a whole new quality of life.

Spiritual life, with a live connection to Jesus. So we belong where He does. It's like we already have a reserved seat in Heaven!

It's not even our doing, it's His. He has begun the comprehensive work of releasing us from sin's grip to live as we should, Heaven-ready.

Our little bit is the faith. His is the epic, undeserved, life-changing power.

He calls it 'grace'.

Quite rightly we call it amazing.
