

Epic Jesus

Lord Jesus, Master and patient Friend.

I just want to say I love your way,

The way you are, the way you do things.

I love the way you had compassion on the crowds,

Yet treated everyone with individual attention,

How you took time with people of every kind -

Rulers, beggars, religious or not, and foreigners too,

And children. Brilliant.

I love your integrity, your purity,

How you defended women, and spoke to Mary by name,

And inspired men like Peter and the others to follow you.

Your courage in confronting the hypocrites – class!

Your power and gentleness in healing the sick – beautiful!

Your discernment in comforting the lonely – precious!

Your love for the Father, your freedom of spirit, your sense of humour,

Your very real sorrow, tears, anguish in the Garden,

Your forgiving of the executioners, of the world,

Of me...

You make me wish that I were better,

and I thank you that I will be, that I'm getting there, for

You died and live again to make that possible.

Lord Jesus – you are epic and I love you!

Amen
